

## RELIGIOUS EDUCATION: CHILDREN/YOUTH

The Council on Religious Education for WUU Children and Youth (CREW) works with the Director of Religious Education (DRE) to develop policy and support for programming for pre-kindergarteners (children, age 4) through high school students. Central focus will be on supporting religious education teachers and related educational/informational events for families.

CREW will link with other committees and teams of the congregation to develop multi-generational spiritual, social and community-building activities.
