

CATEGORY	SUB-CATEGORY	COMMENT
KITCHEN	BETTER	a better kitchen
KITCHEN	BIGGER	Bigger kitchen.
KITCHEN	BIGGER	Expand the kitchen and make it more useful.
KITCHEN	BIGGER	Bigger kitchen
KITCHEN	BIGGER	Move and expand kitchen—great distraction when trying to meditate and someone back working in kitchen or trying to be quiet when in kitchen.
KITCHEN	COMMERCIAL	(Commercial) dishwasher is a small but important item
KITCHEN	COMMERCIAL	Commercial kitchen. Present one too small and crowded. Like Jennifer's idea of using our kitchen for the broader community--Meals on Wheels, homeless shelter, etc.
KITCHEN	INDUSTRIAL	Need industrial kitchen.
KITCHEN	LOCATION	Need to get rid of kitchen and keep our main building spiritual.
KITCHEN	MORE EFFICIENT	Kitchen - needs to be a more efficient space.
KITCHEN	NOISE	Kitchen generates a lot of noise.
KITCHEN	SPACE	Need a bigger kitchen
KITCHEN	SPACE	Need more space in the kitchen and a commercial dishwasher
FELLOWSHIP HALL	FLOW	Flow between rooms in a fellowship hall is important as is eliminating crowding.
FELLOWSHIP HALL	FUNDRAISING	Bigger space for fundraising purposes
FELLOWSHIP HALL	KITCHEN	Front of the building, a social area much bigger, a new kitchen, places to rent out,
FELLOWSHIP HALL	MORE SPACE	Need more space to interact – narthex is not good enough for greeting friends, etc.. Meeting hall?
FELLOWSHIP HALL	MULTI-FUNCTIONAL	Also need dedicated meeting space like for Qigong; have multipurpose rooms

FELLOWSHIP HALL	PRIORITY	A fellowship hall with classrooms and choir room is the place to start.
FELLOWSHIP HALL	SEAMLESS MIXING	Need to enhance “mixing space” – of the narthex. Intentionally design fellowship space so that we can greet one another – suggest seamless mixing of inside/outside space that could be used based on weather (e.g., courtyard area).
FELLOWSHIP HALL	SHARE / INTERACT	The 10-15 minutes for coffee, squeezed into the narthex is not enough for us to maintain a connected web of congregants. Need more opportunities to share and interact. Need spaces (and perhaps times) to do this.
FELLOWSHIP HALL	SOCIAL JUSTICE	Bigger Fellowship hall for social justice.
FELLOWSHIP HALL	SOCIAL SPACE	Space for socialization—community building—right now can’t hear people because sounds bounce around (especially for people wearing hearing aids). People might want a place to sit down, have a cup of coffee—nowhere to do this. Need to have space for groups after the service.
FELLOWSHIP HALL	SPACE LARGER	Need a larger fellowship space
FELLOWSHIP HALL	SPACE QUIETER	Need a quieter fellowship space
PARKER	ACCESSIBILITY	Can’t make Parker accessible
PARKER	ACCESSIBILITY	Feel uncomfortable in Parker, with the door opening right into the sitting room
PARKER	ACCESSIBILITY	Parker is inaccessibility, middle school space is limited-size and function;
PARKER	AWKWARD	Now with Ellen’s desk right there at the door, it feels awkward
PARKER	BASEMENT	Can we renovate the Parker basement if possible.
PARKER	BASEMENT	Parker basement is seedy and not inviting.
PARKER	FUTURE	Not so sure that Parker (the building) should stay up, a separate building there that could serve several purposes.
PARKER	INTEGRATE	Parker to be integrated with campus
PARKER	MAINTENANCE	Parker house needs a lot of work.
PARKER	SPACE	Parker needs to be larger,
WORSHIP	AV	Televise our services

WORSHIP	CAMPUS MINISTRY	Have a smaller worship space to bring the campus community to WUU's campus instead of have a second WUU service on campus.
WORSHIP	IDEA	80% does feel full- UUFP has dedicated first time visitor seats dedicated at rear for them. We should do this, as newcomers do not want to squeeze in between strangers.
WORSHIP	IDEA	Change habit to sit without leaving a space between us and the next person
WORSHIP	IDEA	Question expanding the sanctuary – like it as it is, cozy. (To solve the space problems) Make first service more popular. Don't want it to be cavernous when we don't have a large crowd—then it's too big
WORSHIP	IDEA	Would be less expensive to pay for music than to build larger
WORSHIP	MORE SERVICES	Better to use a true 2 nd service, circle worship is not this, though it is good.
WORSHIP	MORE SERVICES	Format and layout of that service doesn't create two real services
WORSHIP	MORE SERVICES	Second true service so we can leave the sanctuary alone.
WORSHIP	NOISE	Noise from the kitchen effects service
LOCATION	ACCESSIBILITY	More accessible to more people, only way to get here is by car. Covenant groups, etc. make us a voice in the community that limits who can attend. We could do so much more for the community (SJ) if we had greater accessibility
LOCATION	COMMUNITY	Should we consider building somewhere else – a completely separate site that builds the presence of WUU within the greater community. We are about more than this campus and the congregation.
LOCATION	MOVE?	Hand me down church" move into someone else's church that they have grown out of and hand ours down to another group
LOCATION	OUTREACH	Off-campus idea--outside the box. Worth further exploration—could be some outreach benefit.
LOCATION	STOREFRONT	Should we have a storefront to reach people

LOCATION	STOREFRONT	Thought for a while we could go off campus so people could get to us without a car, maybe a storefront, but I'm not sure we're ready for that.
LOCATION	VEGETABLE GARDEN	Compost a different place
LOCATION	VEGETABLE GARDEN	Veggie garden needs to be moved; more leadership
LOCATION	VISION	Our church is too separated from the ethnic areas of Williamsburg
\$	CHALLENGE	A huge financial challenge. Hopeful there is a creative community to conceptualize what we want and how it will happen.
\$	EXPENSIVE	Know not supposed to talk about money. Frightfully expensive. Can't begin to think where the money will come from.
\$	MAINTENANCE	Need to do it in a way we can maintain
\$	MORTGAGE	We're close to paying off our mortgage that will enable us to afford modest expansion.
\$	RENTAL	Design spaces that could be used by community - rented out, perhaps bring in income for WUU to subsidize costs. E.g., classroom space that could be used for other activities – daycare, community classes, etc.
\$	SOCIAL JUSTICE	Lets look at ways we can spend not more than is absolutely necessary. Let's not be ostentatious while people are starving around us
\$	STATISTICS	Finances- will need growth of numbers for income or in conjunction with
\$	WILL IT COME?	Tend to be more affluent and more educated but we don't tithe and give our money elsewhere to a lot of causes. How will we make this come to fruition?
PATIO	+	Like the covered patio
PATIO	EXPAND BUILDING	Like to expand where canopy is but the slope might inhibit that

PATIO	GUTTERS	At auction, covered outdoor area was great except a gap between roof and sanctuary building had water pouring off the roof. No gutters.
PATIO	LANDSCAPE	Where patio is, plantings are too bare, so it needs landscape help
PATIO	SOCIAL SPACE	Sees how the patio could evolve into a social hall
PATIO	SUGGESTION	Open up foyer onto patio or enlarge into patio--glass in patio area so doors could be opened up.
PATIO	SUGGESTION	The canopy is going to be hard to expand because of the RPA but how about a deck out that way in addition to a fellowship hall
VISIBILITY	ART	Need to increase our visibility from the street with a real eye catcher burning chalice or a statue out front.
VISIBILITY	ENTRANCE	More visible at entrance—people drive by and don't find us.
VISIBILITY	ENTRANCE	Pluses and minuses to visibility—St. Bede's is hidden but very appealing when you go there and see the building. They have a big sign, crossing guard.
VISIBILITY	ENTRANCE	We have a visibility problem set so far back people don't know we are here. As we do whatever we're going to do, houses, then the sign—enhance our visibility.
VISIBILITY	SIGNAGE	Improved signage on campus
VISIBILITY	VALUES	Need to have some evidence from the road that we are living our values. Preserve green space or highlight green construction practices close to Ironbound Rd.
VISIBILITY	WHO WE ARE	Have something out front, that can be seen from the road (e.g., treehouse) that SHOWS people we are different.
COMMENT	+	Everything I think of is positive now, so hard to think of problems
COMMENT	BELONGING	People need a place to belong before they believe in the cause.
COMMENT	CARPOOL	Encourage people to carpool – increase fellowship, decrease parking issues.
COMMENT	FEEL	Expansion should maybe try to capture that feel instead of overly institutional.
COMMENT	VALUES	Attend because of values and community.

FAHS	-	Fahs house has problem of limited-size and function. We are limiting ourselves
FAHS	?	Can we enhance Fahs?
FAHS	FAHS MISSION	I don't see Fahs house as being a permanent place for our programs. Maybe it can serve as outreach.
FAHS	LOOKS BETTER	Now, inside Fahs it looks more like the sanctuary, with its paint, windows, etc.
FAHS	SOCIAL JUSTICE	Use Fahs house as alternative housing for homeless family. GWAM initiating a new program for each congregation to bring a family from destitution to self-sufficiency. All congregation members would be responsible for one family—we would have 20 families being helped by communities of faith.
LIBRARY	CHILDREN	Need a larger library—UUA has great books that we could share would help with education==especially a children's library
LIBRARY	COFFEE HOUSE	Library that is expanded into a coffee house with small sitting groups
LIBRARY	MULTI-FUNCTIONAL	A large expanded library from which items like books, coffee, etc. could be sold
LIBRARY	SUGGESTION	Christian Science Reading Room – what about this concept for us?
LIBRARY	VISION	What is the purpose of the library--it's a dumping ground. Space is wasted there. Should there be a library in the future?
SPACE	DANCE	Need dance space
SPACE	MEETING AND CLASSROOM	Meeting space and classroom space. Need to be able to accommodate the children, both in LFD activities AND in the regular services.
SPACE	SMALL/MEDIUM	We lack small spaces and medium spaces
SPACE	SOCIAL JUSTICE	Space in terms of social justice such as the service for Trayvon Martin and experience his family has gone through—wouldn't it be nice to have a space for larger community to join us in a meaningful way.

SPACE	YOUNG ADULTS	Space for young adults, providing really good activities for young adults. If we had space we could have campouts, sit-ins, activities; demonstrations; letter writing campaigns (like with Amnesty International).
TECHNOLOGY	+	Multimedia use it to facilitate and engage, not to make it about the technology
TECHNOLOGY	AV	Need rooms with high technology, spaces that could house other spiritual groups.
TECHNOLOGY	LFD	Good wireless network so teachers can use it in their classrooms. Maybe 10 laptops or so—facilities for training those outside WUU. High level technology.
TECHNOLOGY	MULTI-FUNCTIONAL	Flat screened TVs and electronics will be needed in classrooms in the future to help kids learn, much as we are now doing in the Sanctuary.
TECHNOLOGY	VISION	Technology—don't ignore it even though we focus on nature. Think of other ways of communication and updating technology now for things like presentations. Invest in portable projectors and stay updated.
WALT	+	Like WALT classes
WALT	NOT TOP PRIORITY	We support WALT and only 15% of classes were at WUU
WALT	SPACE	WALT needs spaces to accomplish their mission – new space should be able to accommodate their needs.
WALT	WALT	WALT should be accommodated
WALT	WALT COMMUNITY	E.g., WALT – better facilities will enhance Williamsburg. Quality of life for the whole community, even non-members.
STEWARDSHIP	MAINTENANCE	Assess the cost of maintenance and build into our budget to keep pace.
STEWARDSHIP	MAINTENANCE	Its hard to take care of what we have now
STEWARDSHIP	MISSION	Strong commitment of financial to meet for mission goals
STEWARDSHIP	YOUNGER MEMBERS	Need to help to make younger group take ownership of the church

MEDITATION	CHAPEL	Serene Chapel/Meditation space with views of woods- serene
MEDITATION	GROUP SPACE	Meditation space for smaller groups
MEDITATION	OUTSIDE	Dreaming- an open meditation space- Space for a labyrinth, space for various spiritual practices to find peace, water feature
MISC	BULLETIN BOARD	Need a central bulletin board what people request what they need or offer help, like finding someone to go to Shrek or asking for help cutting up a tree.
MISC	NOISY	Super practical—WUU would function better if all the doors would function better—front door is noisy, slams.
MISC	NOISY	The (front) doors are very noisy.
RESTROOMS	IMPROVE	Improve the bathrooms
RESTROOMS	NON-GENDER-SPECIFIC	A non-gender-specific bathroom not only because we're committed to being a welcoming congregation. (As a mother) I was in the men's room because my son couldn't get his belt off. There was a visitor in there at the same time....We need a family bathroom or one that doesn't say men or women. Maybe more accessibility to the bathrooms.
RESTROOMS	UNISEX	Unisex restrooms—at GA restrooms were designated unisex.
SIGNAGE	SUGGESTION	Put directional signs in the Circle
SIGNAGE	VISION	Want to drive up and see a clear inviting message out front of who we are
SIGNAGE	WORDS	Sign should we use the word worship or service?
STATISTICS	VISION	Do we see us doubling? Where are we going with size?
W&M	CAMPUS MINISTRY	Need to buy housing near W&M for UU students. Campus ministry to help gain members.

W&M	CAMPUS MINISTRY	Bring young adults to campus—college students don't want to go to "church" but should have a smaller dedicated space where groups can worship where they don't feel they are worshipping. Bring people from campus to WUU rather than creating a separate congregation there. Smaller worship area for those gathering. Some sort of transport system to transport people from campus to church.
W&M	VISION	Provide something (place at WUU) more dedicated for college students to get together, to have a home away from campus and to help with WUU as intergenerational. Need more interaction between our kids and college students.
CHAPEL		Include a smaller chapel so 9:15 service would have a smaller space to be in, then that could actually be set up for 9:15 circle. Not big scramble for ushers to rearrange furniture.
CHAPEL		Small chapel is a wonderful idea. There are times when I've come to church and someone was very upset, crying--there wasn't any place to talk to her. Ended up having to go outside and walk around the back.
CONCERN	PLAN	Have seen massive churches with no persons there—how do we be strategic
CONCERN	SIZE	Need to be careful not to build too big
NURSERY	NOISE	Maybe include a glassed-in room for noisy children so parents can see the service but not disturb others.
NURSERY	SPACE	More nursery space
OFFICE	-	Space for minister and staff offices. Not sure if Fahs/Parker can be used differently or simply razed and make a new structure – but current space is not meeting current needs.
OFFICE	-	There is no space to expand. Office space is crowded
STATISTICS	GROWTH	Sessions will bring dreams but where will the growth come from for all of this. Build it and they will come? Or not? Need billboards for recruiting J

STATISTICS	SIZE	Sense that our numbers have leveled off- because of capacity
GENERAL	+	Make the assumption that whatever we do will be great. It's incredibly important in every way that we can.
NAME	-	Add to our name UU. How do people know who we are? The name "Church" doesn't work, perhaps congregation is a better term. Want to perceived like other church groups
NOISE	-	Noise is a problem
PATHS	WALKWAY	Walkway between buildings
PLAN	FOCUS	Been involved in a lot of capital campaigns (in the larger community). I really see a multi-phased approach. One of the things that has always frustrated me is that we try to be too many things to too many people.
PROCESS	SUGGESTION	Do renovations that aren't disruptive to church life (St. Stephen's managed to do). Process is always going to be disruptive but there are ways to be less intrusive.
QUESTION		What activities have we NOT been able to do because we lacked the space or infrastructure to do it? What activities have we been denied?
ROOMS	MEDIUM SIZE	Medium size space needed larger than Fahs but smaller than sanctuary- for more than 15 to 20 size group
SAFETY	CHILDREN	Fearful that every time I back out with the car that I will not see a child.
SOUND	ACOUSTICS	Acoustic tile—sound reverberates and goes everywhere. There's a performance site in Philadelphia that uses acoustic "tile" that moves or changes or morphs to fit the situation.
STRATEGY	PRIORITIES	Do we need to build everything all at once? Phased approach – what is the top priority: space for kids and LFD? Space for community use? We should consider what we want to do first and not try to do everything at once. E.g., we may not need to make changes to the sanctuary first.

TRANSPORTATION

BUS

A bus to serve students as well as an aging community
